Media Release

Edmonton-based Rockabilly/Surf trio releases debut record... on record... for the record.

January 21, 2013

The Fuzz Kings have been a musical force to be reckoned with since their inception in early half of 2012 when they first graced **The Artery's** stage, and have been partial to that stage ever since. That stage has been home to **The Fuzz Kings** a few times since their birth (*including the official video for "Comfortably" – their debut single from this release*) so it really only makes sense that they'd take charge of that very same stage to release their debut E.P. "**Accentuate Everything.**"

"It was a really fun record to make" recalls Fat Dave Johnston, guitarist and singer for **The Fuzz Kings**. "I wish we'd recorded more than we did" but the song selection for '*Accentuate Everything*' is anything but lacking. A strong, well poured-over half dozen songs have been assembled in just the right order for this very limited, custom-colored vinyl-only debut release.

The selected format is very intentional, and no expense has been spared in this production – but the tech savvy needn't worry because each of the ONLY 250 COPIES comes with its own serialized download code. "We realize that the internet is a huge part of music now – This record is more for ourselves than anything" claims Johnston. "It's a celebration of a recording accomplishment. A trophy of sorts." That is to say that **The Fuzz Kings'** music will be available after all the records are gone, it just won't be released in the same vinyl format again.

The Fuzz Kings 12" E.P. release party for "**Accentuate Everything**" mixed by Tom Kerr at 'The Turtle Pond' and Mastered by Braden Sustrik will be held on **Saturday, March 16th 2013** at **The Artery** (9535 Jasper Ave) in Edmonton with The Frolics and The Wafer Thin Mints.

The video for **The Fuzz Kings'** debut single "*Comfortably*" is available for viewing on youtube and can be found easily on the front page of <http://www.fuzzkings.com>
